In here You can add Two Factor Authenticator to Your Account

Two Factor Authentication

Add additional security to your account using two factor authentication.

You have not enabled two factor authentication.

When two factor authentication is enabled, you will be prompted for a secure, random token during authentication. You may retrieve this token from your phone's Google Authenticator application.

ENABLE

In here You can delete Your Account

Delete Account

Permanently delete your account.

Once your account is deleted, all of its resources and data will be permanently deleted. Before deleting your account, please download any data or information that you wish to retain.
